LUMiART
LIGHTING

*Lumiart modern lighting collection
is one of the most captivating contemporary lighting
collections you will ever see.*

Company Profile

The attractive modern Lumiart lighting lamp collection is perfect for upscale residential projects, restaurants, retail stores, hotels, etc.

Lumiart lighting designs, manufactures and distributes Architectural lighting for both interior and exterior environments.

Lumiart is comprised of a dedicated team who share the same vision to provide a high level of service focused on quality and client satisfaction to our valued clients.

Servicing the Design and Architectural community, we have developed a reputation for delivering innovative lighting solutions for a diversity of projects in commercial, hospitality, urban and residential spaces

We consult with our clients as partners through the design process to deliver a lighting solution that meets their project needs.

Our attention to detail has positioned Lumiart as one of the leaders in the Architectural lighting market.
